- d. Jacob's wages (30:25-43)
- 1) Jacob decides that now that he has paid his debt to Laban that he was going to leave Haran and go back to the land of Palestine.
 - 2) But Laban didn't want Jacob to go.
 - i) Why?
 - ii) Laban realized that he was receiving the blessing of flocks because of Jacob.
 - iii) Laban asked him to take care of his sheep and cattle and he'll give him whatever he wants.
 - 3) Jacob agrees to stay.
 - i) He says, "Here are going to be my wages."
 - ii) He says, "What I want you to do is take the goats and separate any goat that has white on it from your goats."
 - iii) Thus Laban's goats would be black and dark brown and any goat with any white would belong to Jacob.
 - iv) He then said, "Take the sheep". *He does the same to the sheep* Any sheep that had a dark spot on it would belong to Jacob. All of Laban's sheep would be black.
 - 4) With that, Laban could easily tell whether or not Jacob had stolen any of his goats or sheep.
 - 5) What Laban did was to separate those sheep out himself.
 - 6) Then he took them three day's journey away so there wouldn't be any possibility of getting them mixed up and had his son take care of Jacob's sheep.
